The impact of Care

Find care employees can trust: We screen and monitor all caregivers and provide safety tips and supplemental background checks for added peace of mind.

100% of caregivers are background-checked before interacting with families

Access care wherever employees are: With access to the world's leading network of caregivers, available in 20+ countries, employees can find care wherever they are.

90% of US zip codes have caregivers within 10 miles

Book care when they need it: Employees can post a job, message and match with caregivers, or instantly book care on the app or web.

Every **8.5 seconds** a care match is made

Actual results may vary.

Care for Business offers the most comprehensive suite of employer-sponsored family care benefits to global businesses, including many of the Fortune 500.
