## Emergency benefits

### Emergency medical evacuation and transportation services

If medical facilities aren't available locally, the program will provide the transportation, equipment and people needed to get you and your covered family members to the nearest medical facility for treatment or back home, if medically necessary.

## Return of remains

If you or a covered family member passes away while traveling, AXA will provide the transportation of the remains back home. In addition, in the event of a member's death when traveling alone, AXA will provide an economy class round-trip ticket for one family member to accompany their remains from the location of their death to the receiving funeral home. Service includes meals and accommodations.

## Political and natural disaster evacuation

AXA can provide transportation services when the country where eligible participants are located needs to be evacuated based on a determination of the US government. In addition, in the event of a natural disaster situation, AXA can coordinate and arrange for the evacuation of eligible participants from a safe departure point to a safe haven.

## Transportation to join a patient

If you or a covered family member are hospitalized while traveling internationally, the program will pay for a designated family member or personal friend to be taken to the hospital so they can be by your side.

## Transportation for minor children

The priority is making sure they're safe and secure. AXA will pay for supervised transportation of eligible children back home, if necessary.

## Dispatch of Physician

If the local attending legally qualified physician and AXA cannot adequately assess the member's need for medical evacuation and transportation, AXA will coordinate, provide and dispatch a physician to assist in the assessment.

## Pet Repatriation

If a pet traveling with you is left unattended due to your hospitalization, AXA will coordinate and provide boarding for the pet. If the injury or illness results in an evacuation or repatriation service, AXA will coordinate and provide transportation for the pet to be returned to either home, or to a boarding facility near home.

\*You and Covered Family Members means an enrolled employee and their eligible dependents as defined under the group insurance contract issued by MetLife.

## Medical assistance services

### Medical referrals, appointments and hospital admissions

If you need medical assistance while you're traveling, one call to an AXA representative and you'll be referred to English-speaking doctors and/or hospitals, dentists and specialists. And if a hospital doesn't recognize your medical insurance, the program can help in validating you and your covered family members' health coverage and/or advancing the funds needed urgently.

Forget or lose your prescription medication while traveling? AXA representatives will arrange for replacement medication for you and your covered family members whenever possible and legally permissible.

### Replacement of medical devices

When medical devices or equipment are not available locally, we'll make every effort to procure and arrange for delivery.
